January 4, 2018

Parents,

A recent amendment to the Kentucky Administrative Regulation on the immunization schedules for attending school added new immunization requirements for the 2018-2019 school year.

ALL students in grades K-12 must provide a current immunization certificate showing proof that the student has had **two doses of the Hepatitis A vaccine** to attend school.

Please contact your health care provider **immediately** to determine if your student has had the required vaccines. If so, please provide a new current immunization certificate showing the dates doses were administered. **If not, please act quickly to ensure that your student receives the vaccine timely as the second dose is recommended to be received six months after the initial dose.**

In addition to the Hepatitis A requirement (above), students aged 16 and older must provide a current immunization certificate showing proof that the student has received **TWO doses of Meningococcal ACWY vaccine** to attend school.

Again, please contact your health care provider **immediately** to ensure that your student will be up-to-date with all required immunizations prior to the beginning of the 2018-2019 school year.

We must have a NEW CURRENT KENTUCKY IMMUNIZATION CERTIFICATE FOR EACH STUDENT no later than July 13, 2018. Please begin submitting the NEW CURRENT KENTUCKY IMMUNIZATION CERTIFICATES IMMEDIATELY.
